Greater Reston Arts Center and the Hyatt Regency Reston are pleased to present photographs of microscopic and macroscopic worlds by Andy Ilachinski. This exhibition of exquisite black-and-white photographs are described by the artist as "snapshots of a moment in time and space in which a peace washes gently over me and I sense a deep interconnectedness between my soul and the world...a *sudden-stillness*." All works in the exhibition are available for purchase through the Greater Reston Arts Center. Your purchase directly supports the artist and GRACE's mission of enriching community life by promoting involvement and excellence in contemporary visual arts.

Join us in celebrating this beautiful exhibition at the Opening Reception on Monday, February 8, 2010 from 5 - 7 pm. Our hosts at the Market Street Bar & Grill, in Reston Town Center, will provide a delicious spread of specialty appetizers and offer each guest a complimentary glass of select wine. After the reception you and your guests are invited to make a night of it; stay for a meal of innovative cuisine and impeccable service. Bring this flyer and receive 20% off your meal!
